## TERMS OF SALE

All coins and bills guaranteed genuine.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

Collectors who make unlimited bids will get the lots at 5% above the highest actual bid entered.

**The terms are prompt cash settlement** after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

**Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.**

**Coins will be bought below your bids** where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. **Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.**

**Be certain that you bid on the lot you wish to buy.** We will correct errors and adjust claims, but you should not expect us to pay for your mistakes. **Be careful** in making your bids. Be sure that you bid on the lot you wish to buy, and **at so much per piece.**

**Bids must reach me by the morning of the sale.** Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same,

and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

NOTE—A printed list of all the prices realized at this sale will be sent for fifty cents (50c). Send coin or stamps with your bids so as to reserve a price list, or if you prefer, we will add the cost to your bill of items purchased for you at the sale. Keep posted on coin values as they are today, and order a price list in advance of the sale. After the sale they cost \$1. Before they are 50 cents.

## A TRIP ABROAD

(Continued from 119th catalog)

It is about nine and a half hours' ride from Copenhagen to Berlin by train and ferry. We arrived at eight in the evening, after a fine ride through rural Germany. We were not too well loaded with tourist marks as we afterwards discovered. The very favorable rate at which travelers may purchase tourist marks outside Germany before their entry, makes it worth while to spend about twenty dollars a day, or about one hundred marks, a quota of these cheap marks allowed per person by the German government. Once inside Germany these cheap marks have the purchasing power of

about forty dollars per day. If you buy your marks in Germany, you would get only about fifty marks for twenty dollars.

Thousands of people were arriving for the Olympic games but we had excellent service in the largest hotel on the continent which can seat five thousand in the nine restaurants. I had chicken, and an excellent meal. Generally no butter is served except at the continental breakfast. So we would often order butter, and pay extra for it. Generous tips are expected definitely, and it is money well spent for any traveler in foreign lands, whether or not it may be just. A fifteen per cent service charge is made at many European hotels, but in addition, it is well to be generous with tips, for the added delight and ease of feeling are worth it.

The next morning a ten minutes' walk brought me into the rare coin establishment of Robert Ball, where we were received with exceeding courtesy. A long time was spent in looking over a splendid stock of rare coins, and selections made. We found a German guard mount interesting, but far less impressive than the English Royal Guard mount. The city was elaborately decorated with flags and bunting for the Olympics. The five colored circles were everywhere present. We inquired what the colors designated, and were informed that the circles represented five land masses. The red circle was for America (North and South), the red for Indians. The green circle for bushmen from Australia. Black for negroes from Africa. Yellow for Mongols from Asia. Blue for Europe (in all flags of European nations). We never verified this explanation.

Berlin has a population of over two million proper, and over four million including suburbs. The night life is in much contrast with that of London, where there is none. Some of the night clubs are ultra-modern, and their entertainment most attractive. The famous Kroll-Garten begun nearly a hundred years ago by King Frederick William IV for social entertainments is one of the loveliest garden restaurants in Europe. It is in the midst of the charming Tier-Garten. Well-known bands furnish music. Fashionable people gather here. There are indoor and outdoor restaurants, dancing within a large ballroom, and outside. The Kroll opera is a meeting place for the German Reichstag, and international congresses. (To be continued.)

For 50 years its monthly visits have been a source of inspiration and a stimulus to all grades of collectors from the beginner to the advanced student.
